I dig that they added skins for Hive Fleet Behemoth and Kraken (despite this game taking place quite a while before The Second and Third Tyranid Wars). Love me some lore fan service.. No gameplay at all, only 3 graphic skins, Should be free content.. No gameplay at all, only 3 graphic skins, Should be free content.. Love me some lore fan service.. its ok skin but if wish buy 1 skin choose Kraken Skin DLC is better than this, but if wish new skin or have all collection its ok have this skin.. Probably took the devs a whole 20 minutes to make these.. Probably took the devs a whole 20 minutes to
